

MAKING CHOICES PRAYER¹

Please remove from us everything that hinders our recovery and show us what we need to see, so that we may become aware of our choices.

Allow us to become conscience of Your presence and to know Your guidance.

We ask You now to guide our thoughts, go guide our words, to guide our actions. We thank you now for leading us to the CoDA program, for the warm and loving Fellowship, and for our recovery, moment by moment, one day at a time.
